# ABBEY

## KENTUCKY BLUEGRASS

- **ABBEY** is a superior, vigorous variety that offers excellent turf performance over a wide geographical area.

### *The **ABBEY** Advantage*

- Consistent performer for **excellent turf quality, dark green colour, excellent density**, and stronger blades for clean mowing characteristics.
- Widely adaptable to a variety of environment conditions and maintenance practices.
- Based on NTEP results, it has shown **excellent resistance** to leaf spot, stem rust, and dollar spot.
- **Low growth profile**; reduces chance fro scalping
- **Aggressive root builder**; able to withstand heat and drought.
- Excellent density to reduce weed invasion and herbicide usage.
- Performs well in sun or light shade.
- **Excellent component in fine turf blends.**

Mean Turfgrass Ratings		Brown Patch Resistance		Spring Green Up		Summer Patch Ratings	
Serne	6.7	<b>Abbey</b>	<b>9</b>	BA 75-490	6.5	Blackstone	7
