

MINI-TOPPER

The Mini-Topper is equipped with adjustable front and rear brushes, to easily control the flow rate of materials

Virtually any area of natural grass can benefit from an application of good rich organic topdressing soil at least once a year.

The Bannerman **Mini-Topper** is designed to apply topdressing evenly on small to medium sized high wear turfgrass areas or residential lawns. The spreading drum is wheel driven and has a spreading width of 24" .

You can also spread composted manure, peat moss, or vermiculite. The capacity of the **Mini-Topper** is approximately two bushels. Topdressing turfgrass areas after overseeding will help to ensure faster growth and thicker, healthier grass plants.
