

LARGE MATERIAL HANDLER  
**HELPS** BRING IDEAS TO LIFE.

PRESENTING THE  
**CR-10®**

From patented technology to built-in versatility, the CR-10 is packed with innovation. Here are a few of the CR-10's unique advantages over other material handlers and topdressers:

- ▶ Dual-beam suspension provides lower center of gravity for maximum stability.
- ▶ "Fast Attach" system requires no tools when connecting attachments.
- ▶ Large, 4-cubic-yard self-cleaning galvanized hopper can be unloaded in less than 30 seconds.
- ▶ Unique frame design creates greater clearance for attachments
- ▶ The rear of the CR-10 raises up to 6 ft for quick loading
- ▶ Spinners allow you to set the type of application you want—from very light to medium or heavy—and broadcast width from 20' to 40'
