

AERA-vator: AE-40E

For tight spaces, the AERA-vator AE-40E fits. As a tow behind used in conjunction with small mowers or other vehicles, its versatility is unmatched.

- Use for aerating and prepping seedbeds.
- Grooming rake & brush attachment available.
- Powered by an 11 H.P. Honda engine.
- Rear roller for easy transport.
- Aerates up to 3-3/4 inches deep.
- Pull with any vehicle with a 12v power source.
- Solid vibrating tines loosen the soil.
