**Flex Action finisher
with Finish Brush
(rear mounted)**

**Flex Action
Finisher/Leveler with
Drag Mat (rear
mounted)**

A variation on the Flex Action Finisher uses a small steel drag mat for the final finish.

(71"/188 cm) wide, used to put level and fine finishes on dry fields.

Infield Finisher (rear mounted)

(72"/183 cm) wide, used to put level and fine finishes on dry fields.

Infield Rake (rear mounted)

Smithco Cocoa Mat (rear mounted)

Puts the final finishing touch on fields that are already well groomed.

A popular ball field tool in many areas, is available with the exclusive “Qwitch.”

Rahn Groomer (rear mounted)

Dry Spreader (rear mounted)

100 lb/45kg capacity for fertilizer, chemicals, sand or salt. 12-volt power.

Makes quick work of leaves and debris all over your course. NOTE: Does not fit Diesel Super Star.

**Engine Powered
Blower (rear mounted)**

The most aggressive scarifier tool. They have been proven on countless ball fields to provide the surface you need to protect your players.

**Steel Knife Blade
Scarifier: (center
mounted)**

**Spring Tine Scarifier
(center mounted)**

Chews into the field surface but provides increased operator safety by skimming over hidden items such as base spikes or pockets.

The spikes are common nails found at any hardware store. Length adjusts as spikes wear. Center mounting insures even pressure across its full width. far superior to rear-mounted “nail drag” devices.

**Nail Bar Scarifier
(center mounted)**
