

AN IDEAL SODCUTTER

**EASY** TO USE.

**EASY** TO TRANSPORT.

**GREAT** RESULTS.

**TURFCO®**

PRESENTING THE  
**KISCUTTER®**

The KisCutter is the most maneuverable, easy-to-use sod cutter available for landscape professionals. It's light weight and easy to haul— making it ideal for a variety of sodcutting jobs, from sculpting lawns and flower beds, to trimming ball fields. With it's variable speed and rear-wheel friction drive, it provides excellent maneuverability on virtually any terrain, along with the ability to cut up to 9,000 square feet per hour.

- ▶ Four-wheel design, pneumatic tires and rear-wheel drive make this the most maneuverable, easy-to-use sod cutter on the market.
- ▶ Revolutionary lightweight design—cuts as much as heavy units.
- ▶ Lower vibration reduces operator fatigue.
- ▶ Simple, easy-to-use depth adjustment.
- ▶ Easiest sod cutter to transport—just 140 lbs & folds to a height of less than 32"
- ▶ Optional 9-inch blade available for curbing.

**CALL 1-800-679-8201** for a FREE on-site demonstration, or **VISIT [www.TURFCO.com](http://www.TURFCO.com)**

*"The KisCutter is more ergonomically designed and its lighter weight makes it easier to use and transport. We just finished cutting 18,000 square feet of sod in less than two days with the KisCutter."*
