

# Redexim

SYNTHETIC TURF

## Verti-Top TB

The Verti-Top TB is ideal for applications that require a lighter unit or for end users that don't have a tractor available. The Verti-Top TB utilizes the same innovative cleaning technology as the tractor mount version by quickly and effectively removing debris from the surface while gently brushing and grooming the turf fibers.

FEATURE	BENEFIT
Fast	Saves time and money
Easy to Use	It will rapidly become your operator's favorite machine
Simple Operation	Ensuring trouble free use and simple maintenance
Self-Contained	Can be used with any power unit

Optional	Sieve elements in various sizes

### Innovative cleaning technology

All material that is brought up is sifted in a vibratory shaker screen with the clean infill being returned to the turf and the debris sifted into two easy-to-empty bins. The Verti-Top TB is equipped with a quiet and powerful Briggs & Stratton 6.5 hp engine for long life and trouble-free performance. This machine can be used with any power unit—from a golf cart to a riding lawn mower.
